

## FLORIAN BRANDL DRESDEN

The music of **FLORIAN BRANDL** is youthful, intense, fresh and stimulating. Influences from hard bop, mainstream, and modern jazz flow into a distinctive group sound that allows lots of room for interaction between the musicians who love to play together.

After the debut album **REJUVENATION** (2015, Timezone Records) the second CD **DRESDEN** will be released on June 7, 2019 (also Timezone): a homage to two years in the beautiful city of Dresden.

As final exam of his Master's Degree at the Musik-hochschule Carl-Maria-von-Weber the Munich based **FLORIAN BRANDL QUARTET** went to play a concert at the Jazzclub Tonne in Dresden on May 17, 2018 and recorded the CD **DRESDEN** right the next day there in the ballroom studios including videos from the session.

Born 1979 in Munich, **FLORIAN BRANDL** is a multi-faceted player with a distinctive sound and feels at home with a wide variety of styles. Among others he played with Sam Rivers, Don Byron, Franco d'Andrea, Johannes Enders, Gabor Bolla and Dusko Gojkovic.
